phototex door covering

Original Phototex

The original versions of PhotoTex is ideal for single prints, doors, and elevators.

It is our most popular product for events and promotions as it is so versatile. It is ideal for a wide range of purposes as it can be used on windows, as cut-outs and it can also be backlit.

The original Phototex comes in 2 different variants:

Phototex " The original version of Phototex. Coating can be printed with Aqueous, UV or Latex Inks. **Roll Sizes: 17", 24", 42", 50", 54" & 60" x 30.5m & 54"x 45m**

Phototex(s) " The solvent-coated version of Phototex. Can be printed with any Solvent, UV or Latex Inks. **Rolls Sizes: 30", 42", 50", 54", & 60" x 30.5m and 54" x 45m.**
